

ZIP CLEAN 901

Cleaning agent for resin-contaminated metal parts.

Product Properties

Alcohol-based solvents

ZIP CLEAN 901 is a cleaning agent for metal parts soiled with synthetic resins, and thus suitable for molding sand mixers, core shooting machines and for core boxes made from metal.

ZIP CLEAN 901 dissolves even toughest synthetic residues so that they can be removed mechanically.

ZIP CLEAN 901 does not contain halogenated hydrocarbons.

Analytical values

- Delivery form: liquid
- Specific weight [20°C]: approx. 0.938 g/cm³
- Viscosity [25°C]: approx. 3.20 mPa s
- Boiling range: approx. 156°C

Storage & Handling

- Product Storage Conditions: 15 months (storage temperature between 10 and 30°C).

Handling of ZIP CLEAN 901

Please test, before using Zip clean 901, if it agrees with non-metallic parts!

Please refer to paragraph # 7 "Handling and Storage" in Safety Data Sheet.

Labelling: Please refer to the Safety Data Sheet
